TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Plaistow in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Plaistow on Tuesday, the tenth of March, next, at eight of the clock in the forenoon, to act on the following articles:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of same.
3. To see if the Town will vote to accept Trust funds now held by the Cemetery Trustees.
4. To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.
5. Shall the provision of Chapter 171-A of the revised laws relative to playing games of Beano be adopted in this Town?
6. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be set aside in a Special Reserve Fund for the future purchase of new and improved equipment for the Fire Department. (Recommended by the Budget Committee)
7. To see if the Town will vote to raise and appropriate the sum of \$250.00 for sidewalk repair. (Recommended by the Budget Committee)
8. To see if the Town will vote to raise and appropriate the sum of \$500.00 as authorized by RSA 31:4 Par. XIX for the annual budget of the Seacoast Regional Development Association. (Without recommendation of the Budget Committee)
9. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 to start construction of a sidewalk on Greenough Road from Danville Road towards the Timberlane School. The length of this sidewalk will be determined by the cost per yard at the time of construction. (Recommended by the Budget Committee)
10. To see if the Town will authorize the construction of an addition to the Town Hall for Public Library purposes and the renovation of the first floor of the present Town Hall; to appropriate the sum of \$100,000.00 for this purpose and to raise said sum by the issuance of notes or bonds of the Town in accordance with the provisions of Chapter 33RSA known as the "Municipal Finance Act" and to authorize the Board of Selectmen to negotiate and issue said notes or bonds upon the credit of the Town, and to fix the rate of interest and all other terms thereof, and to take such other action as may be required to effectuate the purpose of this vote. (Recommended by the Budget Committee)

BALLOT STATEMENT (Article #10)

Are you in favor of authorization of the reconstruction of the Town Hall for library and other purposes and appropriating the sum of One Hundred Thousand (\$100,000.00) for this purpose, and to borrow said sum by issuance of notes or bonds under the provisions of the Municipal Finance Act? (Recommended by the Budget Committee) YES NO

11. To see if the Town will vote to authorize conversion of the Rand Room of Town Hall to library purposes and to expand the present library into that area, to raise and appropriate the sum of \$3,200.00 for those purposes, and to authorize the Library Trustees to hire labor and to purchase material to the extent of the above sum for such conversion and expansion. (BY PETITION) (Without recommendation of the Budget Committee)

12. To see if the Town will vote to raise and appropriate the sum of \$16,500.00 for the renovation of the upstairs auditorium of the Town Hall for use of the Municipal District Court and for other purposes. (Recommended by the Budget Committee)

13. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the support of the Greater Salem Mental Health Association. (Recommended by the Budget Committee)

14. To see if the Town will vote to have the list of all taxable properties, including land, buildings and stock-in-trade and their 1970 assessed valuations included in the 1970 Town Report and to raise and appropriate the sum of three hundred and fifty dollars (\$350.00) to cover the increased cost of preparing and printing the Town Report incurred by this article. (BY PETITION) (Recommended by the Budget Committee)

15. To see if the Town will vote to raise and appropriate the sum of two thousand six hundred (\$2,600.00) dollars for the following purposes: (a) To increase the salaries of the Selectmen to \$1,000.00 per year, per selectman; (b) To increase the salary of the Town Treasurer to \$500.00 per year; (c) To fix the annual salary of each Town Auditor in the amount of \$200.00 This increase to be effective as of January 1, 1970 (BY PETITION) (Recommended by the Budget Committee)

16. To see if the Town will vote to raise and appropriate the sum of nineteen hundred (\$1,900.00) dollars for the purchase and installation of a police base station radio and a mobile police radio. (Recommended by the Budget Committee)

17. To see if the Town will vote to raise and appropriate the sum of nine hundred seventy-eight dollars and thirteen cents (\$978.13) to cover excess expenses in connection with construction of the Water Tower. (Recommended by the Budget Committee)

18. To see if the Town will vote to transfer the amount of \$750.00, a part of the unexpended balance of the Cemetery Account, to a special account for Cemetery improvements.

19. To see if the Town will authorize use of the Plaistow Town Dump at off hours for the disposal of materials collected within the Town of Plaistow. (BY PETITION)

20. To see if the Town will vote to adopt the following ordinance:

ORDINANCE FOR PROTECTIVE FENCING FOR SWIMMING POOLS.

No person shall maintain a private swimming pool with a depth of at least two (2) feet unless there is at least three (3) feet from the water around such pool a substantial fence, wall or other protection at least four (4) feet high and so constructed that no child can crawl through or under it. Any opening in said fence, wall or other protection shall be furnished with a substantial gate equipped with some method of securing the same when not in use.

NUISANCE. Any unfenced private swimming pool which is not fenced or protected as provided in the previous section is hereby declared a nuisance and the same may be ordered abated by any court of competent jurisdiction on complaint of any prosecuting officer.

PENALTY. Whoever constructs or maintains on land occupied by him a swimming pool without the same being fenced as hereinabove set forth shall be fined not more than Ten (\$10.00) Dollars upon conviction for each day such violation exists

21. To see if the Town will vote to adopt the following ordinance:

No person shall either be upon or remain upon any street, sidewalk, doorstep, portico, or other projection from any street, sidewalk, house or other building to the annoyance or disturbance of any person, nor shall any person obstruct the free, convenient and normal use of any public sidewalk, street, highway, bridge, alley, road or other passageway nor the entrance, corridor or passage of any public building by impeding, hindering, stifling, retarding, delaying or otherwise restraining either pedestrian or motor vehicle traffic thereon or the passage thereof.

The word-person-shall include either one person or more than one person, whether as a pedestrian or while either the operator of or a passenger in a motor vehicle.

The word-projection-shall include parking lots and recreation areas whether public or private either upon or adjacent to any public highway or sidewalk; and

Any person who shall violate any of the provisions of this ordinance shall be fined not more than twenty-five (\$25.00) dollars for the first offense, and not more than one hundred (\$100.00) dollars or imprisonment for ten (10) days, or both, for any subsequent offense.

22. To see if the Town will vote to adopt the following ordinance:

It shall be unlawful for any vehicle to proceed at a rate greater than 30 miles per hour at any time (a) on Greenough Road (b) on Westville Road. Nothing herein contained shall serve to increase the maximum allowable speed to 30 miles per hour when other conditions then and there existing show that such speed is excessive. Amendment #5 - Amend Article IV Paragraph D by striking out the whole thereof and inserting in its place, the following:

ARTICLE IV PARAGRAPH D. Mobile homes or trailers of any type shall not be permitted as a dwelling in any residential district. Mobile homes and trailer parks shall be permitted in Commercial districts

Amend Article IV of the Zoning Ordinances by adding the following new section:

ARTICLE IV. (F.) MOBILE HOME PARKS

F1 - DEFINITIONS

Mobile Home is a single family habitation designed for transportation, after fabrication, on streets and highways on its own wheels and arriving at the site where it is to be occupied as a habitation complete and ready for occupancy, except for minor and incidental unpacking and assembly operations, location on jacks or permanent foundations, connection to utilities and the like. No mobile home not located in a mobile home park, whether or not set on a continuous supporting wall of masonry, masonry units, concrete or other similar material shall be allowed on any lot in any zone, and such mobile home shall not be considered a building or dwelling within the terms of this ordinance.

Mobile Home Park is land upon which two or more mobile homes are parked and occupied for living purposes, whether or not a charge is made for such accomodations.

MOBILE HOME SPACE is a plot of ground within a mobile home park designed for the accomodation of one mobile home.

F2 - GENERAL REQUIREMENTS

All mobile home parks shall conform to the following minimum requirements:

a. Location All mobile home parks shall be located in a Commercial zone, only and graded to insure adequate and sanitary drainage of surface water,

sub-surface water, and sewage; plan to be approved by the Water Supply and Pollution Control Commission. All such parks shall be in areas free from marshes, swamps, stagnant pools, or other potential breeding places for insects or rodents.

b. Buffer Yard There shall be not less than one hundred feet between any lot line of the park and any mobile home or other structure or parking area within the park. Where the buffer yard is not naturally wooded, an appropriate wall, fence or hedge of a minimum height of six (6) feet shall be provided as necessary to screen the mobile home park from view at all lot lines.

c. Area The area of the mobile home park shall be large enough to accommodate:

1. The designated number of mobile home spaces which shall not exceed one space per 15,000 square feet in the tract;
2. Necessary streets, walkways and public utilities;
3. Parking areas for motor vehicles (See F.4);
4. Necessary service buildings to house toilet, bathing, laundry and other sanitary facilities as are prescribed by applicable State and local ordinances and regulations;
5. Recreational area (See F5.)

F3 Design of Mobile Home Spaces

a. Area and Width Each mobile home space shall be clearly defined and delineated. No mobile home shall occupy an area in excess of fifteen percent (15%) of the mobile home space; however, each mobile home space shall contain a minimum of 5,000 square feet, and shall be at least 50 feet wide; provided, however, that parks which, at the time of the adoption of these regulations, existed lawfully with mobile home spaces that do not comply with the foregoing minimum area and width requirements, may continue to operate and shall be excused from such compliance.

b. Internal Yards (1) There shall be a minimum of 20 feet clearance between each mobile home. However, with respect to mobile homes parked end to end, the end to end clearance may be less than 20 feet but shall not be less than 15 feet. No mobile home shall be located closer than 15 feet from any building within the park. (2) When applying the 20 foot clearance figure, awnings, vestibules, patios or other attached added structures or accessory buildings shall be considered an integral part of the mobile home.

c. Access (1) All mobile home spaces shall abutt upon a park roadway of not less than 30 feet in width, which shall have unobstructed access to a public street or highway. (2) Walkways of not less than three feet in width shall be provided from the park roadway to each mobile home space and to the service buildings.

F4 PARKING SPACES

Vehicle parking spaces shall be provided in sufficient number to meet the needs of the occupants of the park and their guests without interference with the normal movement of traffic.

a. Number and location Such facilities shall be provided at the rate of at least one vehicle space for each mobile home space, plus an additional vehicle space for each four spaces to provide for guest parking, for two-car tenants and for delivery and service vehicles.

Insofar as practicable, one vehicle space shall be located on each mobile home space and the remainder located in adjacent parking bays. All vehicles parking spaces shall be located for convenient access to the mobile home spaces. All vehicle parking spaces located on a mobile home space shall have a minimum width of ten (10) feet and a minimum length of twenty (20) feet.

b. Design of Parking Bays All off street parking bays shall conform to the following minimum specifications:

<u>Parking Angle</u>	<u>Curb Length per Vehicle</u>	<u>Minimum Bay Depth*</u>
90 degrees	9.0 feet	18 feet
60 degrees	12.5 feet	17 feet
45 degrees	13.5 feet	16 feet

*Perpendicular to curb line.

F5 - RECREATIONAL AREA

Recreational areas shall be provided, and shall be restricted to such use. These areas shall be protected from the park roadways and from parking areas. No single recreation area shall contain less than 5,000 square feet. Recreational area requirements shall conform to the following minimum specifications: 10,000 square feet for every 20 mobile home spaces up to 100. For each additional mobile home space above a 100 a minimum of 500 square feet of recreational area shall be provided.

F6 - CONSTRUCTION

The provision of this ordinance and of the building regulations of the Town of Plaistow shall apply to all construction, alterations, repairs and additions to mobile homes and structures within the mobile home park unless otherwise modified herein.

a. Skirting The skirting of mobile homes is permitted to achieve better heating of the unit, but skirting should not provide a harborage for rodents, nor create a fire hazard. Skirting, cabanas, awnings, porches or other additions shall not be attached to the mobile home unless they are manufactured only for mobile home use, constructed of fire resistant materials properly installed and approved by the Building Inspector.

b. Fuel Supply All fuel supply of either fuel oil or liquified petroleum gas, shall be from central distribution tanks or systems approved by fire underwriters.

Fuel Pipes All piping from central distribution tanks or systems for fuel oil, liquified petroleum gas or natural gas to the mobile home, shall be installed underground and shall be copper or other acceptable metallic tubing or pipe mechanically connected, and shall be permanently installed and securely fastened in place.

c. Fire Protection Every park shall be equipped at all times with fire extinguishing equipment in good working order, of such type, size and number and so located within the park as to satisfy applicable regulations of the fire department. No fires shall be permitted at any place which may endanger life or property. No pen fires shall be left unattended at any time.

d. Electrical Installations Main power supply lines shall be underground. All electrical installations shall be constructed of new materials and all parts thereof shall comply with all applicable state and local electrical codes and ordinances.

In the absence of local or state codes, or where such codes are deemed inadequate by the Building Inspector, installations shall comply with the applicable provisions of the National Electrical Code unless otherwise modified herein.

e. Telephone System Where telephone service to mobile home spaces is provided, the distribution systems will be underground and shall be in general conformance with the placement of the electrical distributions system.

f. Landscaping Lawn and ground cover shall be provided where needed to prevent erosion of slopes and on other areas to obtain usable yards.

Trees, shrubs and vines shall be required to the extent needed to provide for:

1. Screening of objectionable views
2. Adequate shade; and
3. A suitable setting for the mobile homes and other facilities.

g. Paving and Lighting- All park roadways, walkways, add parking bays or spaces within the park shall be hard surfaced with bituminous concrete as required by the Subdivision Regulations of the Town of Plaistow and shall be lighted so as to reasonably provide for public safety.

F7 OPERATION

a. Register Every owner, operator, attendant, or other person responsible for the operation of a mobile home park shall maintain a register containing a record of all mobile homes and occupants using the park. Such register shall be available to any authorized person inspecting the park, and shall be preserved for a period of ten (10) years or as required by the Board of Selectmen. Such register shall contain:

1. The names and permanent addresses of all mobile home occupants stopping in the park;
2. The make, model and license number of motor vehicles and mobile home;
3. The State or other governmental unit issuing the mobile home license;
4. The dates of arrival and departure of each mobile home.

b. Supervision The owner, operator or other person responsible for the operation of a mobile home park shall visit the mobile park each day the park is occupied and shall do whatever may be necessary to keep the park and its equipment in a clean and sanitary condition, to maintain order and see that all applicable zoning and sanitary regulations are observed. The management of each park shall assume responsibility for maintaining in good repair all buildings, streets, walks, sanitary facilities and utilities within the park to include removal of snow and shall take such action as is necessary to prosecute or eject from the grounds any person who willfully or maliciously fails to comply with these and other applicable regulations.

F8 LICENSING

a. License Required It shall be unlawful for any person to operate or maintain a mobile home park with the limits of the Town of Plaistow, unless he holds a valid license issued annually by the Board of Selectmen in the name of such person for the specific mobile home park.

b. License for Existing Parks A license, upon written request therefore, and payment of the proper fee, shall be issued by the Board of Selectmen for every park in existence upon the effective date of this ordinance, permitting the park to be maintained and operated for the period of one year after

passage of this ordinance. Upon issuance of such license, the aforesaid parks shall be deemed to be in conforming use.

c. License Fee The annual minimum license fee for each park shall be fifty dollars (\$50.00) for up to and including twenty (20) mobile home spaces, plus two dollars (\$2.00) for each additional mobile home space therein.

d. Application for License Application for initial mobile home park license shall be filed with the Board of Selectmen. The application shall be in writing, signed by the applicant, and shall include the following:

1. The name and address of the person making application;
2. The location and legal description of the mobile home park;
3. A complete set of plans in conformity with the requirements of this ordinance;
4. Plans and specifications of all improvements, buildings, streets, recreational areas, walks, sewer, water and other facilities constructed or to be constructed within the park;
5. The area and dimensions of the tract of land whereon the proposed park is to be located;
6. Such further information as may be requested by the Board of Selectmen to enable it to determine if the proposed park will comply with the provisions of this ordinance and all other applicable legal requirements. The application and all accompanying plans and specifications shall be filed in triplicate. The Board of Selectmen shall inspect the application and proposed plans and specifications. If the proposed mobile home park will, when constructed or altered in accordance with such plans and specifications, be in compliance with all the provisions of this ordinance and all other applicable ordinances, statutes, and regulations, the Board of Selectmen shall approve the application and, upon completion of the park according to plans, shall issue the license.
7. Application for the renewal of a license shall be made in writing to The Board of Selectmen by the holder of the license, and shall contain the following:

Any change in the information submitted since the time the original license was issued or the latest renewal granted;

Such other information as the Board of Selectmen may require. Upon approval of the application for renewal of a license by the Board of Selectmen and upon payment of the annual license fee, the Board of Selectmen shall issue a certificate renewing such license for another year.

e. Revocation of License A violation of, or variation from the terms, conditions or authorization of a license to operate or maintain a mobile home park by the holder thereof or his agent, architect, or contractor shall be cause for the revocation of said license. Such revocation shall be made at the discretion of the Board of Selectmen and an appeal from such action may be made to the Board of Adjustment of the Town of Plaistow.

f. Posting of License The license certificate shall be conspicuously posted in the office of or on the premises of the park at all times.

g. Notice of Transfer No license shall be transferable. Every person holding a valid license shall give notice in writing to the Board of Selectmen thirty days prior to any proposed sale, transfer, gift or other disposition of interest in or control of any mobile home park. Such notice shall include the name and address of the person succeeding to the ownership or control of such mobile home park.

REPORT OF THE FIRE DEPARTMENT

As Plaistow's Fire Chief, I submit my last report after thirty-eight years of service to the town.

The total number of fires this year was seventy-six. Fifteen of these were buildings or within buildings. However, our fire loss was less than \$10,000.00

There were sixteen automobile, truck and bulldozer fires. The amount of damage of these is unestimated as I have no way of receiving a report from insurance companies on amounts paid.

Grass, incinerators and outdoor burning accounted for thirty-three fires. The department was called to the dump five times.

Through mutual aid, we were called to Newton three times. Newton and Atkinson were called once to assist us.

There were also alarms for lost children, to flush down roads from gasoline after automobile accidents and other emergencies.

As retiring chief, I would like to give thanks to the present and past firemen, the Board of Engineers with whom I have had the privilege of serving for the past thirty-eight years. I realize that without the cooperation of these men and their loyalty, their efficiency, our department could never have achieved the results we have had over the past years.

When I became chief in 1932, we had one pumper, one hose truck and a chemical truck with less than 2,000 feet of two and one-half inch hose. Today we have four trucks of over 500 gallons per minute pumping capacity; one truck with 750 pumping capacity; a tank truck with 250 gallons per minute pumping capacity and carries a thousand gallons of water; a war surplus trailer truck that has a capacity of 500 gallons a minute. The total amount of water carried by these trucks is 4,000 gallons. We carry over 5,000 feet of two and one-half inch hose and 5,000 feet of one and one-half inch hose.

We have tried to modernize the trucks by adding equipment such as fresh air masks, demand masks, an electric generator and a resuscitator. All of the trucks are equipped with two way radios with the base station in the firehouse.

We have changed during the past thirty years from a complete volunteer department to the present call department with the firemen being selected by the Board of Engineers. The men receive \$2.00 for the first call and a portion of any hour thereafter.

REPORT OF THE FIRE DEPARTMENT (2)

Although our fire alarm system has been modernized with an air whistle and box numbers being sounded, I believe it is time that more modernization should take place in the alarm system. Our receiving and sounding of alarms is the most efficient of any call department in the state through the system of the answering service which we hire.

I would like at this time, to thank the citizens of the town who have so generously voted over the years for every appropriation the department has asked for. Also to thank them for their concern about outdoor burning and reporting fires which has greatly reduced our fire loss.

Without doubt, there are many new citizens who do not realize that our modern fire station was constructed entirely labor free by members of the department with financial aid from the Plaistow Firemen's Association.

I wish to thank every citizen who has helped me in any way to have made our fine department what it is today.

Respectfully submitted,

JOHN A. PALMER
Fire Chief

REPORT OF THE BOARD OF HEALTH

I hereby submit the report of the Board of Health of Plaistow for the year 1969.

The Board has been busy this year with reporting cases of contagious diseases, as many as seventeen (17) being called in one day.

As required by law, it is our duty to notify the State Board of Health relative to each case so reported. The list is as follows:

Infectious Hepatitis	1
Chicken Pox	85
Scarlet Fever	22
Mumps	35
German Measles	10
T.B. xray report	Neg.
Bites:	
Cat	2
Rat	1
Dog	9

We were requested by the American Legion to transfer their license from the Legion hall to the high school for one day. Permit granted.

It was requested by the Department of Child Welfare to inspect four (4) places to be used as kindergarten schools. Four (4) were so inspected.

Seven (7) foster parent permits were granted after inspection of the foster parent homes.

There were two(2) cases of sanitary complaints which were inspected and corrected. Sewerage installations were seven (7) and all were examined and passed.

A burial transit permit was granted by the Town Clerk and passed by the Board of Health.

Three (3) premature births were reported to the State District Nurse.

Respectfully submitted,

FRANCIS S. HARRIS, M.D.
Health Officer

REPORT OF THE LIBRARIAN

A Book Return, for the convenience of our patrons in returning books when the library is closed, has been purchased and installed at the entrance to the Town Hall by the Friends of the Library.

Both Children's Book Week in November and National Library Week in April were observed by the library with story hours, instruction classes in the use of the library and reference books; and with the showing of films for all grades at the Pollard School. The Sweet Hill Kindergarten also visited the library for a story hour.

Three hundred and seven adult non-fiction books were supplied by the State Library in answer to requests made by patrons; and two thousand five hundred and twenty-nine adult and children's books were loaned during the year by the Bookmobile.

Reference books, purchased with the one hundred dollars provided by the State grants-in-aid, were added to our collection.

Friends and organizations donated books and magazines, for which I am duly grateful.

I am hoping that more space will be made available to the library, so that better arrangement of books and exhibits may be realized.

REPORT OF THE PLANNING BOARD

The Town of Plaistow having grown quite rapidly in the last few years in population and home building, also in commercial and industrial enterprises will continue to do so because of its proximity to Route #495 in Massachusetts and also being located on a main line railroad.

This growth, of course, brings about various changes among which are zoned areas, zoning ordinances and subdivision regulations. The Board has, therefore, introduced certain revisions and additions to the zoning ordinances at public hearings as required by State statutes, which we feel are pertinent to this growth. The most significant change pertains to Mobile Homes and Mobile Home Parks which is quite complete and therefore quite lengthy.

All of these ordinances as proposed are part of the town warrant which is contained in your town report. We suggest you give these articles due consideration and take note of the ballot statement for each as they will appear on the printed ballot which you will use at the polls on Tuesday, March 10, 1970

The subdivision regulations will be introduced and discussed at a later hearing as these are not taken up at town meeting. The Board has requested a new linen copy of the town map from the State Planning and Development Commission in Concord. When same is received, we will give this to the engineering company who will put in all the streets and any proposed streets which are on plats not yet completed. This is something that is needed very much.

The printing of all zoning ordinances and changes, subdivision regulations and cost of town map have been allowed for in the Board's requested appropriation for this year.

Respectfully submitted,

REPORT OF THE ROAD AGENT

This is my annual report as Road Agent. This winter was one of the worst winters we have seen in a good many years. The month of February was the worst month in weather history; we had a total of 80 inches of snow. We worked all hours of the day and night to keep your roads open.

Our summer work this year consisted of a lot of patching caused by the bad winter, many roads widened by adding culverts, several miles of roads tarred, signs replaced that were knocked down.

The TRA money was spent for catch basins and culverts to overcome water problems on Rustic Lane.

I wish to extend my thanks to the people of Plaistow for the excellent cooperation given to my department and hope that our work was satisfactory.

Respectfully submitted,

CLINTON W. SENTER, SR.
Road Agent

REPORT OF THE SELECTMEN

The Town closed the year with an unexpended balance of \$15,940.60. The Total Valuation of the Town increased in the amount of \$1,531,887.00 making our present valuation \$13,980,064.00.

There were 400 veteran's exemptions, 4 totally disabled exemptions and one blind exemption for a total of \$22,400.00.

The largest increase in our budget expenditures was in our County Tax, a total of \$53,799.97 over which we have no control.

We can now announce that the Town has received the \$35,000.00 from the Economic Development Administration in two payments of \$31,500.00 and \$3,500.00 which reduces the cost of the Water Tower to the Town by \$35,000.00. This could be used to reduce the tax rate in 1970.

The Water Line to Main Street has been completed and is now available for fire protection in the Main Street area. This could reduce insurance costs in this area.

A surface water drainage problem on Rustic Lane has been eliminated by installing catch basins and concrete pipe.

A larger portion of the new cemetery area has been cleared and we have sold some lots in this new area. Hopefully, we will be able to grade a portion of the cleared area so that there may be additional lots available for sale this year.

We cannot be optimistic in residential growth but there are indications that we could have a substantial growth in our industrial and commercial developments. We are already realizing growth in the Westville area and in this direction, the Town voted to extend the Water Line from the Tower by voting a \$60,000.00 bond issue. This water line extension is for fire protection but also could be a part of a future water system to provide water to homes in this area.

The materials have been purchased for the dry hydrants and the rehabilitation of water homes has been started. The latter project should be completed in mid year.

Consideration must still be given to some long range programs such as Police and Fire protection as well as that of water and sewer lines.

The above progress can continue with the increase in our broadening tax base due to the interest shown by industry in seeking locations in Plaistow to establish new businesses. The continued increase in industrial development of our Town can only help to make it a better place to live at a price the tax payers can afford.

We, as in the years passed, invite all citizens to participate in the affairs of the Town. We can all help sell Plaistow as a fine place to establish a business. Be a salesman! Let's help Plaistow continue its upward trend.

Tax Rate Approved by the State Tax Commission:

School Tax per \$100.00	\$6.72
Town Tax per \$100.00	.39
County Tax per \$100.00	<u>.39</u>
Total Tax per \$100.00	\$7.50

REPORT OF TREE WARDEN

We were forced to cut a few more maples in the past year. In most cases, we have tried to replace the removed trees with new ones, placing them away from the street where possible. Hopefully, the new trees will not be affected by the salt from the road.

We have had a dormant spray of the trees bordering our roads.

This year the State of New Hampshire removed several dead trees from North Main Street, Main Street and Kingston Road.

We hope to continue the tree planting process so that we may continue to have a "green" Plaistow.
